Who We Are / BEE

## **BEE status**

Since inception and before BEE legislation, Achievement Awards Group maintained a fully inclusive staffing policy. Over the past several years we have made steady progress in fulfilling the formal requirements for BEE certification and currently hold a Level 4 Value-Added supplier BEE rating for the year ending July 2011.

We are committed to a policy of continuous improvement in this regard, in support of both the national BEE framework and the needs of our clients.
