What We Do / Consulting Services / Facilitation

---

### **Facilitation**

Conduct meaningful, outcome-based meetings. Harness the collective wisdom of your team to devise strategy, resolve complex problems and develop workable action plans with buy-in from the group.

**Participlan™** Participlan™ is a facilitation methodology and visual mapping process that supports group participation and the free flow of ideas in a focused, non-threatening process.

### **The benefits of Participlan™**

- Group participates via written responses to pre-determined questions, so contributions are anonymous
- Responses are clustered on display sheets with input from the group, so there is agreement on logic thread
- Sheets are photographed at end of the meeting, producing a transparent record of discussion
- Facilitator is a neutral, with no political agenda, creating a non-threatening environment
- Everyone contributes to ultimate solution, ensuring buy-in to action plans
- Focused, productive discussion means shorter meetings
